## THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D. C. 20505

National Intelligence Officers

NFAC #4266-81  
10 July 1981

MEMORANDUM FOR: Deputy Director of Central Intelligence

25X1 FROM:

:   
Acting National Intelligence Officer for USSR-EE

SUBJECT : SIG Meeting on East-West Policy

1. A SIG meeting on the East-West Policy study will be reconvened on Monday morning 13 July to approve the revised draft Decision Memorandum (DM) and other State-proposed amendments -- particularly on economic issues -- in the Executive Summary (ES) and in the main text of the study itself. Since you are already familiar with the basic paper, I have simply flagged the pages and highlighted the proposed changes throughout the text. (State's proposed change pages are in the proper spot, immediately on top of the original pages.)

2. Aside from some new introductory language on US policy goals (p. 1 of the DM, p. 4 of the ES and p. I-3 of the main text), the only operational change in the paper appears on p. 4 of the DM and p. 2 of the ES. It sets up the two new IGs proposed at your last SIG meeting: one to deal with overall policy implementation and the other to develop strategies and tactics for dealing with our allies. Beyond that, State has proposed a number of deletions and rewordings throughout the paper, affecting economic policies. The changes seem mostly aimed at toning down the rhetoric and making the policies more realistic in terms of what the US can accomplish, particularly as regards our alliance relationships.

3. No particular intelligence intervention appears to be required at this meeting.

4. P.S.: I appreciate your very informative feedback from earlier meetings!
